Lumaax™ IK10 IP65   

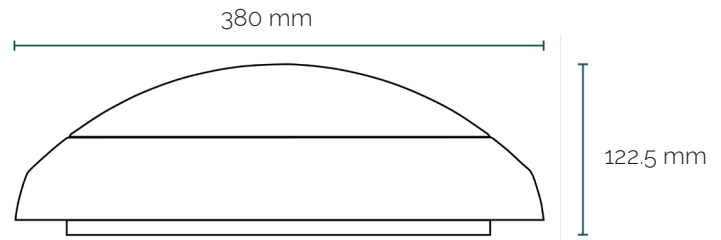

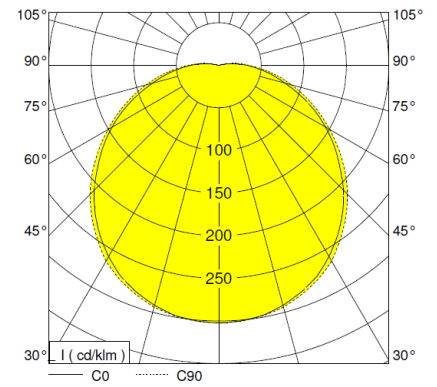

The Titan Decorative is our decorative polycarbonate bulkhead. The IK10 and IP65 classifications make it ideal of a range of both internal and external applications. Manufactured in the UK, the luminaire boasts a range of internal specifications to suit applications and performance requirements.

Our high performance diffuser is the best on the market and offers superior energy saving capabilities and the reduction of dangerous glare. The enclosure boasts an impressive feature list compared to the competition and is available in with a range of bezel finishes.

Backlit Effect

The Titan Decorative is available with a stylish backlit effect in a range of colours to suit application requirements. The effect also helps to combat dangerous glare caused by the LED's.

Options

Specification	mA	Colour Temp	Watts (w)	Lumens (Lm)	CRI	Luminaire Efficiency
Mains Dali HE	350	3000k	9w	1,108 lm	80	114 Lumlm/circW
Mains Dali HE	350	4000k	9w	1,218 lm	80	125 Lumlm/circW
Mains Dali HO	500	3000k	13w	1,529 lm	80	105 Lumlm/circW
Mains Dali HO	500	4000k	13w	1,608 lm	80	110 Lumlm/circW
Emergency HE	350	3000k	9w	1,108 lm	80	114 Lumlm/circW
Emergency HE	350	4000k	9w	1,218 lm	80	125 Lumlm/circW
Emergency HO	500	3000k	13w	1,529 lm	80	105 Lumlm/circW
Emergency HO	500	4000k	13w	1,608 lm	80	110 Lumlm/circW

Please note: 'HE' = High Efficiency 'HO' = High Output

All options are available with DALI function.

INNOVATIVE PAPERLESS INSTALLATION INSTRUCTIONS

To reduce unnecessary waste and improve our environment, we have developed an innovative, forward thinking paperless system. Titan range is available with a QR code on the manufactures labels which provides the installer with direct access to the installation instructions via their smart phone or device. Eliminating the risk of them being lost in transit, protecting warranties and reducing wasted paper.
